

STASHH Welcome Pack for Genitourinary Consultants and Registrars

Hello! Thankyou for taking the time to look into what we do at STASHH and how you can support us.

STASHH was created in 2020 as a way of supporting medical students and pre-specialty doctors to get involved with GUM. Our aim is to increase recruitment into GUM through our 4 main pillars.

Education

We run **online monthly webinars** within the academic year with key speakers in the world of GUM! We hold these on our platform Medall.

Previous talks have included 'HIV Stigma with Dr Nadi Gupta', 'Sexual Health in Prisons with Dr Susanna Curry' and 'Global sexual Health with Dr Simon Deery'.

We also run a **podcast called 'Sexy Health With STASHH'** which can be found on all platforms.

Mentorship

We run a mentorship scheme to connect GUM senior doctors with enthusiastic students and pre-specialty doctors. **The aim is to offer people an opportunity to network within the GUM world, ask questions and bolster their portfolio.**

Projects

We aim to have a STASHH local ambassador in every region; 1 medical student ambassador in every medical school and 1 pre-specialty doctor in every deanery. Their role is to advertise STASHH events and opportunities, but also to connect their local STASHH network between local GUM departments, students and junior doctors, Training Programme Directors and GUM leads.

The aim is for them to be able to connect people to local projects, audits, research and teaching opportunities.

Recruitment

We run bi-yearly recruitment events in the form of virtual careers fairs, as well as encouraging our ambassadors to attend and promote GUM at local career fairs. These events are a chance for us to host fantastic speakers and spread the enthusiasm for GUM!

We also share a monthly newsletter, highlighting local through to international opportunities, such as conferences.

STASHH Welcome Pack for Genitourinary Consultants and Registrars

What can you do to help?

- Talk about us and signpost people to our page on the BASHH website!
https://www.bashh.org/professionals/bashh_groups/51/stashh/public
- Print, use and advertise our poster (Below) at career fairs, events and teaching
- Show our poster on your slides when you are teaching students and foundation / IMT / clinical fellow doctors.
 - Encourage medical students and pre-specialty doctors to consider being a local ambassador for STASHH.
- Find out who your local ambassadors are (you can email us!) and get in touch with them.
- Be a mentor/encourage your consultant and registrar colleagues to be a mentor
 - Let us or your local ambassadors know of any projects/audits/research/teaching opportunities that are in your department- We can connect you to someone who wants to help and get involved!
- Consider featuring on our podcast, or teaching for one of our webinars or on one of our virtual career days.
 - Encourage your colleagues to get involved with STASHH too!

Our webinars and podcast can be found here:
